

Daddy Come Home

By Urriolagoitia Miner

Daddy come home
I'll be home soon
Till then I'll send you
My love on the moon

Out of the black
The moon shines bright
I wish I could sing
For her tonight

Instead I walk
Rifle in hand
Digging up freedom
In a dusty land

Sweetie I love you
I love you too Dad
You're the best Papi
That I've ever had

I'll draw you a picture
I'll make up a song
We'll sing it together
When you come along

And when I'm sad
Mommy take me outside
I'll send you my love
On the moon so bright
